Common Core Report Card Notes:

State Education Indicators with a Focus on Title I ,2004 **The Other Side of the Report Card** Maurice J. Elias, Joseph J. Ferrito, Dominic C. Mocerri, 2015-12-14 To better serve the whole child look at the whole report card Students are more than their academic grades you know it and their parents know it The progress they make in social emotional learning and character development is essential to their success in school and in life But while educators have made great strides in improving grading for academic achievement we've left too many teachers still guessing when it comes to outdated behavior ratings and comment sections That's where this book comes in Grounded in research and in the author's work with teachers and administrators it offers guidance on retooling report cards to better reflect the whole child integrating SEL and CD into any school or district wide grading system Resources include Guided exercises for analyzing existing report cards Samples and suggested report card designs Tips on improving communication with parents Case studies highlighting common challenges Testimonials from teachers and students When you take report cards to the next level you make sure that communication reflects all of the important characteristics of success and ensure that students develop the skills they need for the future This book brilliantly illuminates the key role played by social emotional learning in each student's development and it challenges the tradition of relegating the SEL EQ observations to the back of the report card If we want to develop better communities this book shows the way Dr Neil MacNeill PhD EdD Head Master Ellenbrook Independent Primary School The ultimate goal of misbehavior is attention When children don't get the attention they need through the proper behavior they will get it any way they can Children want to be loved and cared about SEL will help them to learn the proper ways to get attention It will also help teachers better understand the misbehaviors and redirect students toward positive behavior Pamela L Opel Teacher Intervention Specialist Gulfport School District NAEP 1992 Mathematics Report Card for the Nation and the States Ina V. S. Mullis, 1993 This report presents the mathematics assessment results from the 1992 National Assessment of Educational Progress NAEP The assessment included nearly 250 000 fourth eighth and twelfth grade students attending approximately 10 000 schools across the nation and the states Students performance is categorized into three achievement levels Basic Proficient and Advanced Among the major findings were that 1 for the nation there were statistically significant increases in average mathematics proficiency in all grades and in both public and private schools from 1990 to 1992 2 despite these positive findings 60 percent of the students in grades 4 8 and 12 were estimated to be at or above the Basic level on the 1992 mathematics assessment 3 considerable variation in performance existed within and across states and territories 4 increases in mathematics proficiency between 1990 and 1992 did little to alter the relative standings of the demographic groups 5 gains were noted in the content areas of numbers and operations measurement geometry data analysis and algebra and 6 one fifth of the 4th graders two thirds of the 8th graders and 90 percent of the 12th graders demonstrated ability in solving two step problems involving multiplication and division Chapter 1 contains overall

achievement results for the states by grade and by state Chapter 2 contains results for the nation and states by the demographic groups of race ethnicity White Black Hispanic Asian Pacific Islander American Indian gender type of community advantaged urban disadvantaged urban extreme rural and other parents highest level of education and type of school public Catholic private Chapter 3 contains national and state mathematical content areas of estimation numbers and operations measurement geometry statistics algebra and functions The four appendices one third of the document discuss NAEP s anchor level results the guidelines for sample participation state contextual background factors and an overview of the procedures used in the 1992 mathematics assessments MDH
