Folk Songs of Many Peoples Florence Hudson Botsford,1922 **The English Riots of 2011** Daniel Briggs,2012 From Facebook Twitter BlackBerry and gossip to hard facts research and empirical investigation this outstanding collection looks at the nature and causes of the English Riots of 2011 one year after they occurred Though worrying in their nature speed and scale the book points out that rioting is nothing new even if technological advances have altered their organization the way in which the police respond and the incessant nature of media coverage From moral panics to broken Britain and anxieties about youth crime the book looks at various flashpoints of the riots such as the killing of Mark Duggan by police marksmen the widespread looting the political and criminal justice responses and a growing discontent about the current

neoliberal order The book rejects Coalition Prime Minister David Cameron's much publicized assertion that these events were criminality pure and simple just as it counters attempts to lay blame on sections of the community or outsiders Looking at phenomena such as shopping for free and the idea that the lawlessness represented some kind of instant carnival it concentrates on how order was restored and individuals fast tracked via police cells and courts into harsh sentences as well as issues of marginality hopelessness political and economic corruption and media distortions Wide ranging and expert in its analysis it also considers the modern day global context for riots as well as comparing Brixton 1981 and other iconic events of the past Further highlights include the role of new social media in terms of recruitment resistance and surveillance the role of the urban street gang gender racialization resentment post riot rhetoric and the profiling the 2011 rioters It looks at how the riots spread to other cities in the UK including Manchester Liverpool and Birmingham as well as examining events and attitudes in places such as Spain Greece and those of the Arab Spring Asks Who When and Why Includes first hand accounts from 2011 rioters victims and the public Applies historical cultural structural and social perspectives to the English Riots of 2011 Considers the aftermath of the riots and the wider picture of global social unrest Editor Dr Daniel Briggs is a Reader in Criminology and Criminal Justice at the University of East London who also works with the most vulnerable people to the most dangerous and the most misunderstood His work has taken him into prisons crack houses mental health institutions asylum institutions hostels care homes hospices and places for the homeless He is the author of Crack Cocaine Users High Society and Low Life in South London Routledge 2011 Contributors In this book he is assisted by contributions from some 20 leading commentators Stephanie Alice Baker Tim Bateman Steve Briggs Joel Busher Celia Diaz Catalan Rebecca Clarke Aisha K Gill Steve Hall Simon Harding Vicky Heap Steven Hirschler Liz Kelly Axel Klein Lorenzo Navarrete Moreno Geoffrey Pearson Hannah Smithson John Strawson Sheldon Thomas Simon Winlow and Ricardo Zuniga
