Isenberg,Mary Renck Jalongo,2006 Creative Thinking and Arts Based Learning prepares preservice and inservice teachers to know why children s creative thinking and play are so important know about children s play and creative thinking and also know how to provide these experiences within the curriculum It contains extensive coverage of the roles responsibilities and strategies that lead to a more child centered play based curriculum An Applied Approach Many instructional guidelines and classroom strategies are presented throughout the text for integrating creative thinking and play into learning Cases about preschoolers K 2nd graders and 3rd 4th graders open each chapter and show readers how teachers infuse the arts into learning Meeting Standards This new feature discusses how to provide for creativity in classrooms while also meeting state and national standards Frequently Asked Questions Another new feature poses common questions about issues such as what materials and resources to use how to adapt environments for diverse learners and how to foster and assess creative thought Misconceptions are dispelled with research based answers A Theoretical Approach Solid theory underlies all of the content The authors experience as university professors and practitioners is evident in their clear presentation of relevant theory A Reflective Approach Teacher s Reflections in each chapter tell readers what other preservice and inservice teachers are thinking and doing in their classrooms relative to their experiences with the arts Resources Instructor s Manual and test Bank PowerPoint Slides **Creativity and the Arts with Young Children** Rebecca T. Isbell,Shirley C. Raines,2007 Creativity and the Arts with Young Children 2e is written specifically for early childhood educators as well as professionals who work with children birth through age eight The focus

of this book now in its second edition is on making the vital connection to music movement drama and the visual arts in all areas of the classroom as well as developing creative teachers and professionals who will be able to foster an artistic environment. The book includes observations and pictures of teachers and children that demonstrate practical ways the arts can be used to help children reach their potential. There are expanded sections on multiple intelligences, Reggio Emilia, divergent questioning, and art recipes, and the book also includes literacy connections and activities for adults at the end of each chapter. There are many ideas in the book for open-ended activities that are important for the development of young children and will encourage them to think in new ways. The standards and recommendations from professional organizations are addressed so that the reader can recognize what goals these organizations believe are important in the early years. Thorough in its coverage, the text speaks to children with special needs and cultural diversity, leaving the reader with the most complete information regarding arts in the young child's learning environment.
