Section V—Essay—Write a well-organized essay answering the following question in 2-3 paragraphs. Attach extra paper if needed. Use examples from the book to support your ideas. 10 points

41. Why do you think Orwell uses an allegorical fairy tale/fable in his condemnation of Soviet communism? It seems like an academic essay in which he could have named names, pointed to details, and proven his case more systematically would have been better. What different opportunities of expression does the fable provide?

Responses will vary. This is a sample response.

There are many ways to condemn corrupt governments. One way is to provide one avenue. However, the creative use of allegory provides criticism. In writing *Animal Farm* as a fable, Orwell reaches a wider audience and provides a more scathing commentary. A fable is a medium that appeals to multiple generations, is easily accessed by children and adults, thus giving it a wider reach than an academic essay could have provided. Fables are often read for many generations and, as a result, their critiques are often limited to their particular time. The fable of the Russian Revolution as an allegory, Orwell's use of a fable allowed him to abuse of power that would last for many generations.

In addition to a wider audience, choosing a fable allowed Orwell to provide criticism of the Soviet Union and its abuse of power in a way that was more obvious and reprehensible. For example, the character of the ribbons, along with the ease of which she left the farm, disconnected from the actual people, he was able to show people could clearly see without a posture of hypocrisy. A fable allowed Orwell to reach a wider audience and provide commentary on the abuse of power that occurred in the Soviet Union.
