UPSC Solved Paper 2016 UPSC Practice Papers International Conference on Energy and Power Engineering (EPE2014), 2014-06-24 The 2014 International Conference on Energy and Power Engineering EPE2014 will be held on April 26-27, 2014 in Hong Kong, China. The aim of this international convention is to bring together experts and scholars from around the world and offer them a chance to share the latest research results in the field of Energy and Power Engineering. We all know that over the past few decades a great change has happened in the field of the environment technology and the science technology is growing faster and faster. In order to keep up with the daily changing situation we have sent invitations to experts, scholars, and other people who have devoted themselves in related fields and it is a great honor to us that most of them have accepted our invitation and supported the EPE2014 with their latest studies. Up till now we have received over three hundred papers from various countries, this shows that there has been a growing interest in the field of energy and power engineering. Among those papers received we have eventually chosen about a hundred to be presented and included in this proceeding. These papers generally represented the current research status in this field and the future trend. We sincerely believe that these papers could be valuable to the future work of yours. Finally on behalf of the committee I would like to deeply express our gratitude to those who have supported the EPE2014, especially the international experts who helped reviewing papers, the DEStech Publications help publish the conference proceedings, and last but not least the authors of these inspiring papers. Without the help from these people EPE2014 would not be as half successful as it is now. Here welcome to EPE2014 and let's hope that it will be a great success.

Neo-Marxism and Post-Keynesian Economics Ludo Cuyvers, 2022-06-08 Piero Sraffa and Joan Robinson both iconic Cambridge economists were highly influenced by the economic theory of Karl Marx and integrated important elements of Marx's economic system into their theories This book argues based on published and unpublished documents that the work of Sraffa and Robinson can in fact be considered as essentially post Keynesian neo Marxist The first part of the book reviews the intellectual development of several key thinkers to this neo Marxist current in economic thought Kalecki Steindl Baran and Sweezy Part One and Part Two separately examine Robinson and Sraffa's works and questions how they fit into this specific neo Marxist current either building on it in Robinson's case or following another direction in Sraffa's case Part Three observes Robinson's theory of economic growth and its relationship to the views of Marx and Kalecki Overall Cuyvers demonstrates how their thought processes share characteristics with neo Marxist key ideological ideas such as stating or implying the labour theory of value as either redundant or wrong emphasising the role of class struggle in the distribution of income and rejecting Marx's falling rate of profits Following on from ideas briefly introduced in Cuyvers's Economic Ideas of Marx's Capital 2017 this book will particularly appeal to readers interested in the history of economic thought the work of Sraffa Robinson and Marx post Keynesian economics and neo Marxism
