## Key Findings

- Scarcity of available food crops (maize, sorghum, etc.) for rural households.
- Scarcity of livestock for rural households.
- Low crop yields.
- Low crop yields from rainfed agriculture.
- Strengthening community support systems for vulnerable households.
- Community-based food security of farming resources.

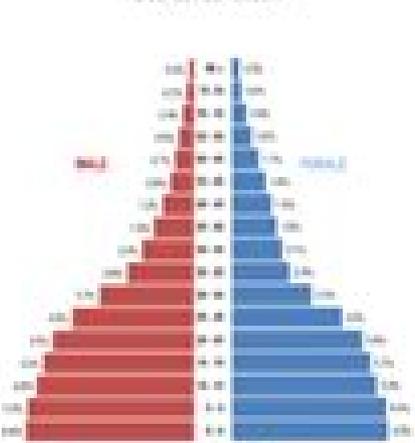

## Key Recommendations

- Developing integrated farming. Strengthening small-scale irrigation programmes, as it also benefits about 25,000 people and benefiting over 100,000 households.
- Other small-scale irrigation development programmes and support increasing agricultural production.
- Effective use of available water (especially land under Government). Promoting primary health care and disease prevention programmes.

## Challenges

- Preparation hampered by cumbersome processes to access resources from Government. All services should be done electronically to improve process.
- Only one aspect of the assessment could be feasible (i.e. internet interview). The household survey could not be conducted.
