How to Pass National Merit Scholarship Tests Larry Van Treese, Harry A. Tarr, 1956 English as a Foreign or Second Language Mohammed S. Assiri, 2015-09-01 This book offers a brief review of the theoretical perspectives and empirical findings that have shaped our understanding of salient facets of English language teaching learning and testing It also communicates my personal views in regard to certain issues in these three domains The book is divided into five chapters that range in their foci from theory to practice Chapter one presents the most influential theoretical perspectives that have sought to account for the processes involved in second language acquisition and the roles of the so many variables that affect how a learner acquires a second language The second chapter discusses several methods and practices commonly used in EL2 English as a foreign second language teaching Chapter three highlights the differences between Basic Interpersonal Communication Skills and Cognitive Academic Language Proficiency or BICS vs CALP as well as the various categories of language learning and use strategies In the fourth chapter the presentation centers on EL2 testing and assessment Chapter five is wholly devoted to my personal views including my philosophy of language education critiques of some scholarly views and practical recommendations Such views have had their inspiration and support from my experiences both as a learner and as a teacher
