### INTRODUCTION

The movie "3 Idiots" is an Indian film about the life of three engineering students who went to study at one of the best colleges in India, the Imperial College of Engineering. Coming from different walks of life, the three "idiots", Farhan Qureshi, Raju Rastogi, and Rancchoddas "Rancho" Shyamaldas Chanchad, will become best of friends. But the movie will circle on how the wisdom and ideals of Rancho will influence the life of his two friends and other characters in the story. At first, Rancho's giftedness seemed entertaining to his friends and classmates. But his free spirit and wit will irritate his lecturers including the college director, Professor Viru Sahastrabudhhe (Virus). Standing by their new beliefs as inspired by Rancho, the three friends will face obstacles that will test their loyalty and determination. Valuable lessons can be learned from the characters portrayed in this film, even from the antagonists.

The movie all throughout illustrated how the elder people of India (in the story) make themselves prisoner to the expectations and high regard of others. They pass on this burden to their children who had to sacrifice their passions, happiness, and future. The movie also seemed to point out how important open and honest communication is within the family. Communication is so important that failing to be understood or to understand may lead to serious heartbreaks and depression among family members. I have also observed that verbal wit is entertaining. But in the long run, our actions are what will win the respect and the hearts of people.

### BODY

Farhan Qureshi is studying engineering to pursue his father's wishes. But his one real passion though is wildlife photography. As said by his father to Rancho during a confrontation, they have invested all their money in Farhan's studies. They didn't buy a car or an extra air conditioner (only Farhan's room had AC) because they prioritized Farhan's study needs. Coming from a struggling middle class family, Farhan is pressured to finish engineering to compensate the sacrifice of his family. But in the course of the story, Farhan adopts the outlook of Rancho to pursue one's true passion.

He gathers the courage to take a stand and convinces his father to believe in his dream of becoming a photographer. Farhan demonstrates the lesson of courage to believe in your passion and follow your happiness, and not just to live for the approval of others, as seen in the words of his father when they argued over his career change, "The world will laugh. They will say that you reached the final year and quit." But in the end of their quarrel, the final response of Farhan's father demonstrated and taught us humility, open-mindedness, the willingness to understand, and the untiring love of a parent. Raju Rastogi comes from a poor family. Raju's father is a retired post master who had become a paralytic. His mother is a retired school teacher. Most of their income went to his father's medication.

The scene in Raju's house depicted a poverty...
