Adam Divine Unity One:

Adam's Wish Qurrat al-'Ayn, John S. Hatcher, Amrollah Hemmat, 2008 Tahirih the remarkable poetess of nineteenth century Persia penned many poems that were either thought to be lost or remained untranslated This outstanding volume contains a number of previously unpublished and largely unknown poems both in their original calligraphy and in English Many of these poems relate to Tahirih's spiritual beliefs She often refers to Adam the first Prophet of God and the Prophets of the past to reveal her insights into the process by which God empowers his messengers to educate humanity It is through this process that the wish of Adam and all the Prophets of the past to witness the day when humanity will reach its full spiritual potential is fulfilled Tahirih announces that day has now come **FOREST OF EDEN** BRANDEN ALBERT

,2026-01-12 Forest of Eden is a thoughtful exploration of divine balance tracing the long neglected harmony between the masculine and feminine forces that shape creation power and wisdom Branden Albert invites readers into a vision of theology and philosophy that restores wholeness to the human understanding of divinity Through rigorous reasoning and luminous insight he reveals how authority without nurture becomes hollow and structure without compassion becomes sterile Through scriptural interpretation philosophical inquiry and the laws of spiritual logic Albert demonstrates that creation cannot be sustained by command alone Life in all its forms requires presence care and renewal The text unfolds as a study of both intellect and spirit presenting a system that unites clarity with mystery reason with tenderness and power with purpose At once scholarly and visionary Forest of Eden offers a framework for reimagining leadership faith and the very meaning of creation itself It challenges long held assumptions about divine order exposing the limitations of a world governed solely by masculine ideals and unveiling the transformative strength of the feminine principle Albert's work stands as both an intellectual reformation and a spiritual restoration calling readers to recover the full measure of wisdom that creation intended the equilibrium of strength and compassion that sustains life and renews the human soul **Seekers of the Face**

Melila Hellner-Eshed, 2021-09-14 A magisterial modern reading of the deepest mysteries in the Kabbalistic tradition Seekers of the Face opens the profound treasure house at the heart of Judaism's most important mystical work the Idra Rabba Great Gathering of the Zohar This is the story of the Great Assembly of mystics called to order by the master teacher and hero of the Zohar Rabbi Shim'on bar Yochai to align the divine faces and to heal Jewish religion The Idra Rabba demands a radical expansion of the religious worldview as it reveals God's faces and bodies in daring anthropomorphic language For the first time Melila Hellner-Eshed makes this challenging esoteric masterpiece meaningful for everyday readers Hellner-Eshed expertly unpacks the Idra Rabba's rich grounding in tradition its probing of hidden layers of consciousness and the psyche and its striking sacred images of the divine face Leading readers of the Zohar on a transformative adventure in mystical experience Seekers of the Face allows us to hear anew the Idra Rabba's bold call to heal and align the living faces of God

Mystical Union in Judaism, Christianity, and Islam Moshe Idel, Bernard McGinn, 2016-10-06 Mystics who have

spoken of their union with God have come under suspicion in all three major religious traditions sometimes to the point of condemnation and execution in the case of Christianity and Islam Nevertheless in all three religions the tradition of unio mystica is deep and long Many of the spiritual giants of these three faiths have seen the attainment of mystical union as the heart of their beliefs and practices Despite its importance mystical union has rarely been investigated in itself apart from the wider study of mysticism and even more rarely from the aspect of comparative studies especially those based upon broad and expert knowledge of the inner life of the three related monotheistic faiths This text brings together essays that equally explore the broader idea of unio mystica as well as the mystic traditions within each religion
