

Being green is...

easier than you think!

Everyday tips for a green routine:

Utilize the energy-saving features of your office products. Features such as “Quick Start” and “Energy Save” mode on your Canon devices shorten warm-up time and reduce power consumption so you can save time and costs.

Paper has two-sides—use them both! Utilize duplex capabilities and Image Combination modes for printing, and cut your paper and toner usage in half.

Preview documents before printing. Canon offers multiple ways to preview your documents and print settings—either at the device or from a desktop—to prevent unwanted pages from being printed.

Leverage scanning technology. You can easily scan and convert paper documents into electronic files for fast, cost-effective communication of information to save paper and time.
