

HW for 4/25 - M29L2 (Communists Take Power in China)

Communists take power in China

Communists vs. Nationalists

- A bitter civil war was raging between the Nationalists and the Communists when the Japanese invaded China in 1937.
- During World War II, the political opponents temporarily united to fight the Japanese.
- But they continued to jockey for position within China.
- World War II in China Under their leader, Mao Zedong (mow-dzuh-dahng), the Communists had a stronghold in northwestern China.
- From there, they mobilized peasants for guerrilla war against the Japanese in the northeast.
- Thanks to their efforts to promote literacy and improve food production, the Communists won the peasants' loyalty.
- By 1945, they controlled much of northern China.
- Meanwhile, the Nationalist forces under Jiang Jieshi (jee-ahng-jee-shee) dominated southwestern China.
- Protected from the Japanese by rugged mountain ranges, Jiang gathered an army of 2.5 million men.
- From 1942 to 1945, the United States sent the Nationalists at least \$1.5 billion in aid to fight the Japanese.
- Instead of benefiting the army, however, these supplies and money often ended up in the hands of a few corrupt officers.
- Jiang's army actually fought few battles against the Japanese.
- Instead, the Nationalist army saved its strength for the coming battle against Mao's Red Army.
- After Japan surrendered, the Nationalists and Communists resumed fighting.

The Two Chinas Affect the Cold War

- China had split into two nations.
- One was the island of Taiwan, or Nationalist China, with an area of 13,000 square miles.
- The mainland, or People's Republic of China, had an area of more than 3.5 million square miles.
- The existence of two Chinas, and the conflicting international loyalties they inspired, intensified the Cold War.
- After Jiang Jieshi fled to Taiwan, the United States helped him set up a Nationalist government on that small island.
- It was called the Republic of China.
