**The Cooperstown Chronicles** Frank Russo, 2014-10-23 Professional baseball has always consisted of a variety of characters, from likeable youngsters to notorious rebels. From 1871 to the present, the sport has witnessed the likes of Germany Schaeffer, an infielder with a penchant for stealing first base; Joe Medwick, the only player ever removed from a game for his own safety; and first baseman Hal Chase, noted for being one of the most corrupt players in baseball history. *The Cooperstown Chronicles* takes an entertaining look at the unusual lives, strange demises, and downright rowdy habits of some of the most colorful personalities in the history of baseball. Chapters profile the game's well-known tough guys, the hard-drinking revelers, head-hunting pitchers, players who took their own lives, and those who died far too young from accidents or diseases. Frank Russo goes beyond the stats and delves into each player's personality, his life outside of baseball, and even his final resting place. The stories of little-known players like Terry Enyard, who pitched just one and two-thirds innings in the major leagues, are told next to those of superstars such as Mike Flanagan, who played professional ball for 18 years. However brief or long a career, he may have had every major league player has a story to tell. *The Cooperstown Chronicles* gives a voice to many of those players who are no longer able to tell their stories themselves. Compelling, fun, and often surprising, this book will entertain baseball fans and historians alike.

**The Stanford Law Chronicles** Alfredo Mirandé, 2005 In the midst of a long and distinguished academic career, Alfredo Mirandé left his position as professor of sociology and chair of ethnic studies at the University of California, Riverside to attend law school at Stanford University. This book is an extraordinary chronicle of the events in his life that led him to make this dramatic change and of the many obstacles he encountered at law school. *The Stanford Law Chronicles* is a comprehensive first-person account of the law school experience, written by a person of color. Mirandé delivers a powerful and moving critique of the rigid hierarchies he encountered and of systematic attempts to strip him of his identity and culture. He also reflects on the implications of an increasing number of women and minority law school students for law and legal education. Although Stanford is considered to be one of the most progressive law schools in the country, Mirandé's experience there was one of alienation and frustration, as

he encountered elitism and rigid hierarchies Covering all three years at Stanford he describes his experiences and the problems he encountered in the classroom Immigration Clinic where he successfully represented his first client and the alternative Lawyering for Social Change curriculum that became a haven in an otherwise hostile environment Interspersed with his account of law school are autobiographical snapshots and experiences including that of the death of his brother Hector which was the catalyst for his decision to pursue his childhood dream of attending law school and becoming a lawyer This controversial book is certain to spark lively debate The World's Chronicle Eleanor Atkinson, Francis B.
