

# Dialectical Journals

The term “Dialectic” means “the art or practice of arriving at the truth by using conversation involving question and answer.” Think of your dialectical journal as a series of conversations with the texts you read. The process is meant to help you develop a better understanding of the texts as you read them. Use your journal to incorporate your personal responses to the texts, your ideas about the themes, and your evaluations of the texts’ rhetoric. You will find that it is a useful way to process what you are reading, prepare yourself for group discussions, and analyze the way the authors present their ideas and arguments.

## PROCEDURE:

- Select a fiction title.
- As you read, choose passages that stand out to you and record them in the left-hand column of the chart (ALWAYS include page numbers).
- In the right column, write your response to the text (ideas/insights, questions, reflections, and comments on each passage).
  - You must label your responses using the following codes:
    - **(Q) Question** – ask about something in the passage that is unclear
    - **(C) Connect** – make a connection to your life, the world, or another text
    - **(P) Predict** – anticipate what will occur based on what’s in the passage
    - **(CL) Clarify** – answer earlier questions or confirm/disaffirm a prediction
    - **(R) Reflect** – think deeply about what the passage means in a broad sense – not just to the characters in the story/author of the article. What conclusions can you draw about the world, about human nature, or just the way things work?
    - **(E) Evaluate** - make a judgment about what the author is trying to say
    - **(A) Analyze** – explain how the author is using rhetoric and language to make point and persuade the audience
- Your dialectical journal should have at least **40 well-developed entries and cover the entire book.**
- **Dialectical journals must be typed.** A template of the form can be found on Teams.
- You will be required to **submit your Dialectical Journal to Turnitin.com** on or before the due date.

## CHOOSING PASSAGES FROM THE TEXT:

Look for quotes that seem significant, powerful, thought provoking or puzzling. For example, you might record:

- Effective &/or creative use of stylistic or rhetorical devices
- Passages that remind you of your own life or something you have seen before
- Structural shifts or change of rhetorical mode
- A passage that makes you realize something you had not seen before
- Examples of patterns: recurring images, ideas, words.
- Passages with confusing language or unfamiliar vocabulary
- Information you find surprising or confusing
- Passages you strongly agree or disagree with

## RESPONDING TO THE TEXT:

You can *respond* to the text in a variety of ways. The most important thing to remember is that your observations should be **specific and detailed**. You can write as much as you want for each entry. While you may begin with initial annotations, entries themselves must be typed.

### Basic Responses

- Raise questions about the beliefs and values implied in the text
- Give your personal reactions to the passage
- Discuss the words, ideas, or actions of the author
- Tell what it reminds you of from your own experiences
- Write about what it makes you think or feel
