Checking Account - Bank Statements 1

When you have a checking account, you will receive a bank statement and canceled checks once a month. The bank statement will detail all the transactions going in (deposits) and coming out (checks or drafts). Canceled checks are checks you have written that have cleared the bank and have been taken out of your balance. In addition, some banks statements include a service charge, which is a fee charged by the bank for handling your account.
