Praxis II Elementary Education Julie O'Connell, 2009-08 REA s PRAXIS II Elementary Education Content Area Exercises 0012 test prep helps teacher candidates master the information they need to get their certification and start teaching With a growing need for qualified teachers across the country REA has added this new teacher certification title to our existing series of PRAXIS II Elementary Education test preps The PRAXIS II 0012 rounds out the series that began with REA s PRAXIS II 0011 and PRAXIS II 0014 titles

Second Handbook of Research on Mathematics Teaching and Learning Frank K. Lester, 2007-02-01 The audience remains much the same as for the 1992 Handbook namely mathematics education researchers and other scholars conducting work in mathematics education This group includes college and university faculty graduate students investigators in research and development centers and staff members at federal state and local agencies that conduct and use research within the discipline of mathematics The intent of the authors of this volume is to provide useful perspectives as

well as pertinent information for conducting investigations that are informed by previous work The Handbook should also be a useful textbook for graduate research seminars In addition to the audience mentioned above the present Handbook contains chapters that should be relevant to four other groups teacher educators curriculum developers state and national policy makers and test developers and others involved with assessment Taken as a whole the chapters reflects the mathematics education research community s willingness to accept the challenge of helping the public understand what mathematics education research is all about and what the relevance of their research findings might be for those outside their immediate community
