

COMPARE AND CONTRAST TWO CITIES

1st part
Introduce the topic to the reader.

Both Washington DC and London are capital cities of English-speaking countries, and yet they offer vastly different experiences to their visitors. Comparing and contrasting the two cities based on their history, their culture and their residents, show how similar and different the two are.

2nd part
Emphasize the similarities

Like Washington DC, London offers a varied selection of museums that harbor many of the world's most valued treasures. *While* Washington DC has the National Gallery of Art and several other Smithsonian galleries, London's art scene and galleries have a definite edge in this category. From the Tate Modern to the British National Gallery, London's art ranks among the world's best.

With regard to places for entertainment like restaurants, pubs, and bars, both cities have a wide selection of expensive and elegant restaurants, *as well as* a similar amount of global and national chains. *However, while* London may be better known for its pubs and taste in beer, DC offers a different bar-going experience with dubs and pubs that tend to stay open later than their British counterparts. Economically and culturally speaking, *not only* Washington DC but also London continue to hold significant influence in both global spheres.

3rd part
Emphasize the differences

On the other hand, there are many differences between the two. *To begin with*, both cities developed on very different time lines. First, *while* London has a history that dates back over two thousand years, Washington DC, *on the contrary*, has only formally existed since the late eighteenth century. Hence, when comparing Britain's historical depth to that of the United States, London has a much richer past *as opposed to* Washington DC. *Second, even though* both cities share a very expensive cost of living—both in terms of housing and shopping, a downtown one-bedroom apartment in DC can easily cost \$1,800 per month, while a similar "flat" in London may double that amount.

4th part
Develop your conclusion

After comparing and contrasting both cities, we can conclude that even though Washington DC and London are major capital cities of English-speaking countries in the Western world, I would choose to live in Washington DC based on the fact that the cost of living is not as expensive as in London and it offers a more up-to-date lifestyle.
